From Awareness to Generational Continuity

Every family is already on a journey.

The question is whether it is moving toward continuity or away from it. The SMI Continuity Journey™ is a 12-week program with six stations in three phases. Each station prepares your family for the next, so what you have built can be carried forward, responsibly, from one generation to the next.

I Formation

II Governance

III Continuity

Let's begin the conversation

Strengthening families to preserve multigenerational continuity.

Schedule a conversation with our team.

The SMI Continuity Journey™

From Awareness to Generational Continuity

PHASE I · FORMATION

01

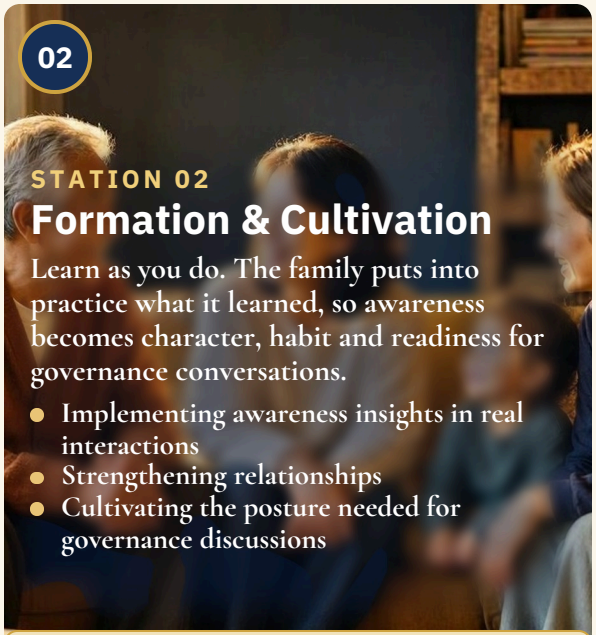

STATION 01

SMI Awareness Factor™

The entry point. The 4-Awareness Series equips the family to see and understand itself, one another and its circumstances clearly before making major decisions.

- Awareness of Self
- Awareness of God
- Awareness of Others
- Awareness of Situations

OUTCOME
A shared, honest understanding of the family's dynamics.

02

STATION 02

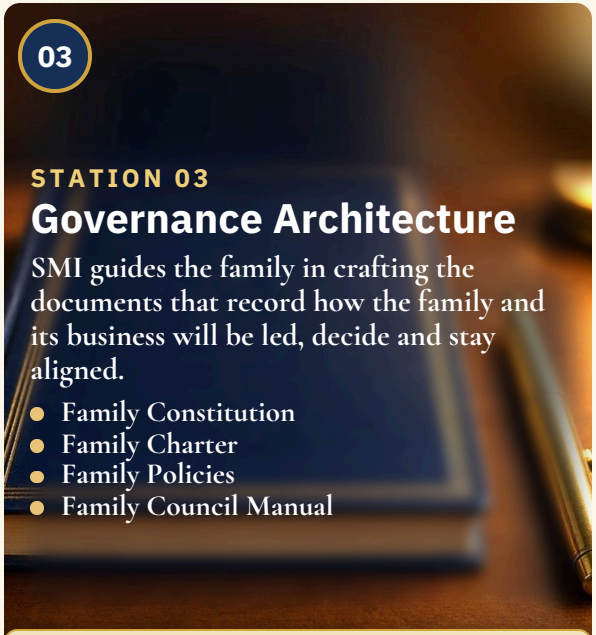

Formation & Cultivation

Learn as you do. The family puts into practice what it learned, so awareness becomes character, habit and readiness for governance conversations.

- Implementing awareness insights in real interactions
- Strengthening relationships
- Cultivating the posture needed for governance discussions

OUTCOME
A family that is governance-conversation ready.

PHASE II · GOVERNANCE

03

STATION 03

Governance Architecture

SMI guides the family in crafting the documents that record how the family and its business will be led, decide and stay aligned.

- Family Constitution
- Family Charter
- Family Policies
- Family Council Manual

OUTCOME
A complete set of SMI-assisted governance documents.

04

STATION 04

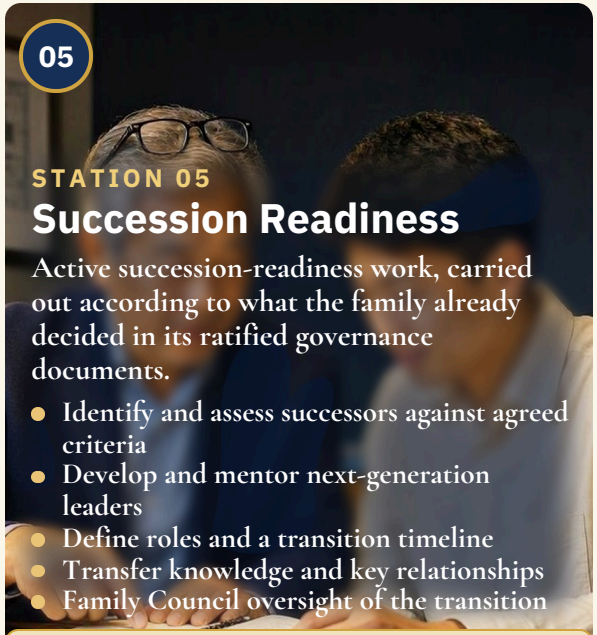

Legal Approval & Ratification

The governance documents go to the family's attorney for legal review and approval, and then the family formally ratifies them.

- Attorney review
- Legal approval
- Family ratification

OUTCOME
Ratified, legally sound governance the family has adopted as its own.

PHASE III · CONTINUITY

05

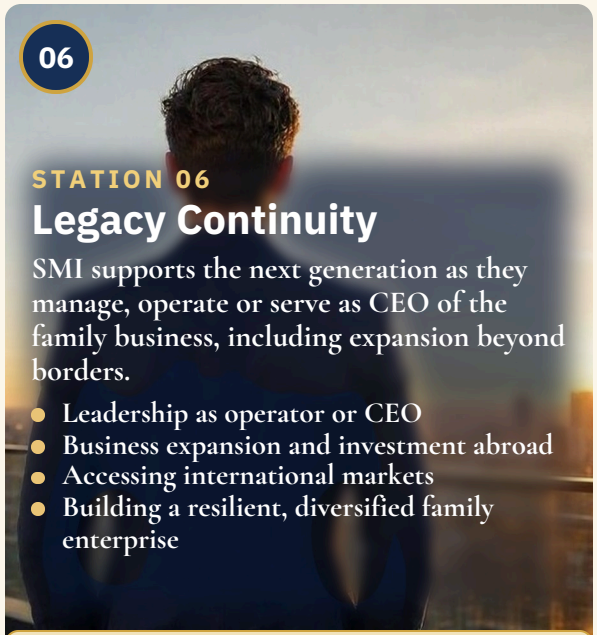

STATION 05

Succession Readiness

Active succession-readiness work, carried out according to what the family already decided in its ratified governance documents.

- Identify and assess successors against agreed criteria
- Develop and mentor next-generation leaders
- Define roles and a transition timeline
- Transfer knowledge and key relationships
- Family Council oversight of the transition

OUTCOME
A next generation prepared to lead.

06

STATION 06

Legacy Continuity

SMI supports the next generation as they manage, operate or serve as CEO of the family business, including expansion beyond borders.

- Leadership as operator or CEO
- Business expansion and investment abroad
- Accessing international markets
- Building a resilient, diversified family enterprise

OUTCOME
A family enterprise that endures across generations and nations.
